LOST CATHEDRAIS

DURING MEXICAN WAR.

SON OF MAN WHO DID IT TELLS

THE STORY.

Tongue Loosed by Dispatch Telling

of Discovery of Chest of Diamonds,

Sapphires, Rubies, Pearls and Golden

Images Under Flagstones of Chapel.

BY THE ASSOCIATED PRESS—A.M.

TOLEDO (A. Dec. 25)—Warren J.

Baker, secretary of the Northwestern

Ohio Masonic Relief Association, today

for the first time makes public the

secret history of the discovery of the

cathedral during the Mexican war;

tells how it was done, and of the

buried treasure.

His tongue was loosed by a news-

paper dispatch from Mexico City tell-

ing of the discovery of a chest of dia-

monds, sapphires, rubies, pearls and

golden images, beneath the flagstones

in the chapel of Las Vocaciones Col-

lege in Mexico City.

Baker's story rivals the mythical

tales of Capt. Kidd, and moreover

bears the unmistakable stamp of

truth. He says that his father

marched from Vera Cruz to Mexico

City with Gen. Scurry's army during

the Mexican war. He and a test mate,

after plotting for weeks, dug their

way into some of the richest cathe-

dral, and pillaged them of their fabu-

lous wealth of all sorts of valuable

stones and huge golden images. For

hours they looted, carrying their bur-

den of precious stones to a hiding

place beneath the flagstones in a

Think Open Door Policy Should

Obtain in Philippines.

Reference Made to Note Written

by William R. Day When Ar-

ranging Terms of Peace.

BY DIRECT WIRE TO THE TIMES.

WASHINGTON, Dec. 25.—(Exclusive

Dispatch.)—Germany has made

protest to the United States

against what they declare to be a fail-

ure to maintain an open door in the

Philippines. The case in point involves

the matter of an export duty of \$7.50

a ton on Manila hemp and fiber imposed

upon product shipped to England and

Germany, but which is remitted on

hemp sent to the United States.

These protests came to the

State Department and were then re-

ferred to Secretary Root, because the

War Department has direct supervision

over the Philippines, have been trans-

mitted to the Senate Philippine Com-

missioners to be considered in connection

with the measure proposing to reduce

the tariff on Philippine goods coming

into the United States from 35 per cent.

to 25 per cent. of the Dingley sched-

ule.

The protest of Germany mentions a

note addressed by William R. Day,

then United States peace commissioner

in Paris, to Señor don E. Montero

Rios, Spanish peace commissioner, of

November 22, 1898, in which he declared

that it was the intention of the United

States to maintain an open door in the

Philippines.

The effect of the present export duty

is to divert the bulk of shipment of

Manila hemp from England and Ger-

many, which were large purchasers

before the Spanish-American war, to

the United States, where the tax is re-

mitted and hemp imported free of duty.

English and German port manufac-

turers have suffered greatly by reason

of this condition.

NEW CABINET PLACE.

ILLINOIS WILL CLAIM IT.

CHICAGO, Dec. 25.—(Exclusive

Dispatch.)—A new place in President

Roosevelt's Cabinet to be created by

the bill for a Department of Commerce,

now pending in Congress, will be filled,

I believe, by an Illinois man, said

Congressman William Lorimer today.

"I am not ready to say who I

think will be the man, but he will be

one who is well known. He will prob-

ably be a Cook county man, but there

is a chance that he may come from

out in the State. Illinois is certainly

entitled to this Cabinet position, and it

comes to the State, a Chicagoan should

have first consideration. This is the

third State in the Cabinet, while the

other big States are well taken care of.

Pennsylvania is represented by Atty-

Roosevelt, and Missouri by Secretary

Heve that the time has yet arrived for admitting Arizona and New Mexico to the Union are doubtless as sincere in their opinions as are those who are waging so aggressive a campaign in favor of Statehood. There is no warrant for impugning their motives, nor for subjecting them to harsh and hasty criticism because of their opposition to the scheme of Statehood. When these Territories are admitted to the Union it should be upon a business basis and for sound civic reasons, after they have gained the necessary population, not for any sentimental reasons. When there shall no longer be any doubt as to their qualifications for the privileges and powers of Statehood, they should be, and they doubtless will be, admitted, and without serious opposition.

At the present juncture, however, ardently the advocates of Statehood may press their cause, they must recognize the fact that there are many and serious reasons for the position assumed by those who oppose them. There would be manifest injustice in giving to Arizona and New Mexico the same representation in the Senate of the United States as the great State of New York has, with over 10,000,000 people, for the same reason that it is not fair to give to Nevada, with a much smaller population than Arizona, the same representation as the great State of New York has.

The Times Special Midwinter issue will appear on January 1, 1932. It will tell the complete story of the year's progress in the Southwest. The descriptive matter will be in condensed form, and will give in the least number of words possible a history of the chief events of the year in each county and town of Southern California.

As usual, it will be the aim of the publishers to surpass the efforts of all rivals in the same direction. They expect to succeed in their efforts. The edition will be printed on good paper, handsomely illustrated and included in a specially-designed cover.

To prospective settlers in this region it will prove of much value in that its information will be timely, authentic, and specific. Citizens and visitors will find it valuable for the information it will give to friends in the East who may be interested in the present prosperous conditions in the Southwest.

It will be the aim of the publishers to make the edition so valuable, both for the matter it contains and for its fine letterpress and workmanship, that like its predecessors, it will have a circulation covering the entire United States. It is expected that at least 100,000 copies will be issued.

Advertisers who desire to place announcements in this special issue should send in their copy not later than December 15. Advertising rates given on application to THE TIMES-MIRROR COMPANY.

MORE UNFIT APPOINTMENTS.
Gov. Kevane is signaling his last days in office by placing in positions of high trust and responsibility men who are notoriously unfit for the duties which they are expected to perform. These appointments, like other appointments made by Gov. Kevane, have been made confessedly and solely as a reward for political or personal services, and not because of any fitness on the part of the appointees.

Gov. Kevane goes down in the history of California as the Governor who made a greater number of unfit appointments than any other man who occupied the office. It is fortunate, indeed, for the people of California that his term is so near its close, for his record is a disgrace to the State.

It is a disgrace to the State that a man who has made a record of such gross mismanagement and incompetence should be allowed to remain in office. The people of California are entitled to a Governor who will govern for the people, and not for himself.

Gov. Kevane is notoriously a private "stricker" of Gage's, an unscrupulous advocate and exemplar of personal politics, and an unsavory representative of all that is wrong in the administration of the State.

Gov. Kevane is a man of no qualifications for the important and technical position of State Bank Commissioner. This is notorious, and cannot be denied.

Gov. Kevane, though not so conspicuously without qualifications for the position as is Kevane, is nevertheless an unfit selection. His personal associations, political methods and private habits have not been of a kind to recommend him for the office of Bank Commissioner under a Republican Governor, nor for any other public position.

THE PLAYHOUSES.
"FANTASTIC COMEDY"—yes, but "Captain Jinks of the Horse Marines" is something more. It is amusing, and at times, fantastic, in its comedy. Yet, there is a vein of seriousness running through the play that in its intensity at times almost touches upon the tragic.

In these genuinely serious moments the fantastic element jays distinctly. The transitions from grave to jest, and vice versa, are so sudden as to take one's breath away.

Several finely conceived and admirably presented situations are rudely shattered by the sudden intrusion of the vulgar and the commonplace. One is left to find fault with this, at first thought. But, on second thought, it is this not true in life, where the vulgar and the commonplace are so often to be found, that makes the play so realistic.

The prevailing charm of this play, as presented at the Los Angeles Playhouse, is its realistic portrayal of the character of "Captain Jinks." The highest praise that can be bestowed is to say that Miss Kennedy's performance is a work of art.
